Fifth Annual Potomac Regional Veterinary Conference

November 13-15, 2015
Dear friends and colleagues,

On behalf of the West Virginia, Virginia, Maryland, and District of Columbia Veterinary Medical Associations and the Virginia-Maryland College of Veterinary Medicine, we are excited and pleased to invite you to attend the Potomac Regional Veterinary Conference on November 13-15, 2015.

This year's conference promises to be an excellent example of what can be achieved when our like-minded associations join forces with Dean Cyril Clarke and the Virginia-Maryland CVM with one goal in sight – to provide you with an exciting and enjoyable educational experience. Our committees, with members from each association and the college, have worked hard to compile a program of interesting, relevant topics presented by respected and engaging colleagues with advanced knowledge in their respective fields. The PRVC offers five continuous tracts of education: small animal, equine, practice management (Friday only), public health and veterinary technician (Saturday only), with up to 18 hours of CE credit available.

The 2015 PRVC returns to The Greenbrier Resort in White Sulphur Springs, WV. This picturesque and historical resort offers a truly unique environment with comfortable meeting rooms and ample opportunity for relaxation and entertainment when not in session. We know that educational content is of paramount importance, but we also strive to provide you an enjoyable and relaxing weekend to complement your CE efforts. The Greenbrier certainly meets this goal!

We encourage you to take advantage of this opportunity to renew old friendships while developing new ones. In our digital and electronic world of communication, we find ourselves having less opportunity to interact face-to-face. The chance to gather together to share our experiences and passions in person is invaluable.

We would like to extend a grateful thank you to the PRVC committee members and to the VMCVM staff for their efforts in planning this meeting. Also, we extend a special thank you to the corporate sponsors who make this meeting financially possible. Please take a moment to visit and thank the sponsors in person at the meeting.

And last, but certainly not least, thank you Robin Schmitz, executive director of the VVMA, and her staff, who coordinate the efforts of the separate committees to bring it all together! We look forward to seeing you at the PRVC.

Sincerely,

Dr. Joseph M. Romano, DVM
